BIRKDALE

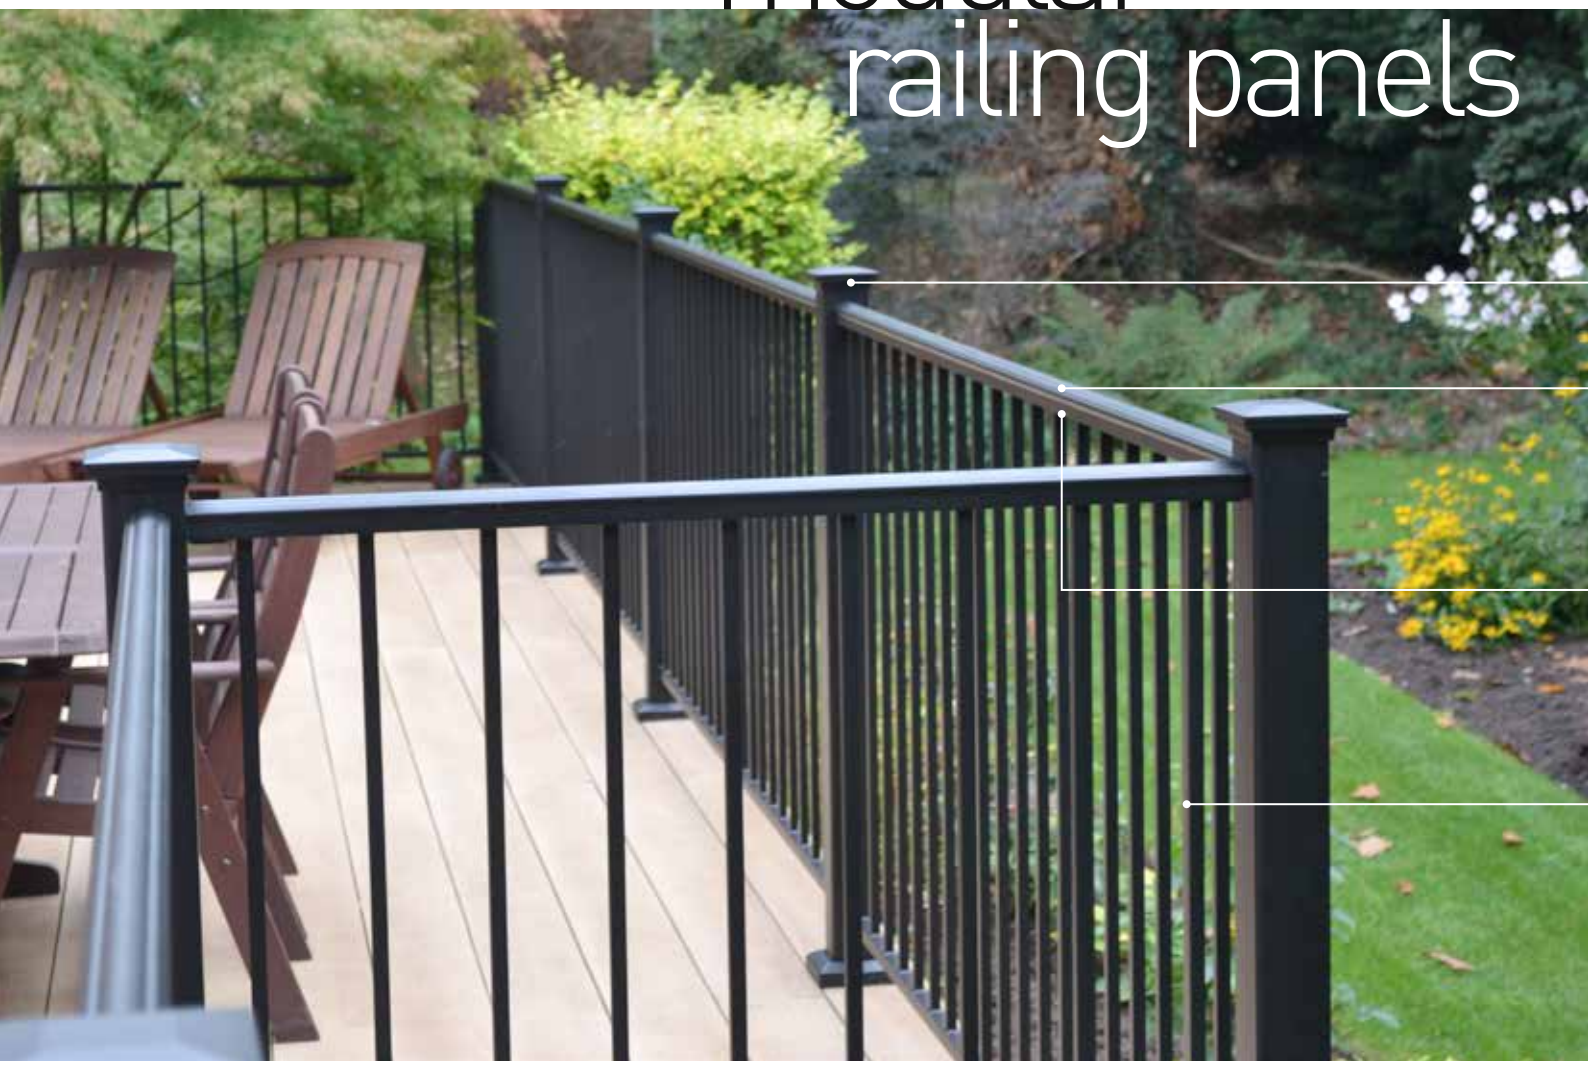
15 year manufacturer warranty

BIRKDALE

Our modular steel railing panel is virtually maintenance free!

With the ability to resist the effects of weathering, our modular steel railing is coated with a specialized mixture that encompasses a premium powder coating loaded with UV inhibitors and a heavy zinc galvanisation treatment.

modular railing panels



- Pre-welded traditional steel railing
- Clean classic appearance
- Pre-galvanized, zinc phosphate, DuPont® e-coat and DuPont® powder coated steel
- 15 year manufacturer warranty
- Simple and quick installation

Meets ICC-ES AC273 - Acceptance Criteria for Handrails and Guards

Fortress has also attained CCRR (Code Compliance Research Report) which proves that Fortress products are tested and evaluated for conformance to IBC & IRC building code requirements. Fortress products are manufactured under a recognized and approved quality control system and those Fortress manufacturing processes conform on an ongoing basis via unannounced inspections (audits) by a qualified independent agency.
